CONSULTING SERVICES / BRITISH COLUMBIA

Operational Excellence & Process Improvement

Understand process losses and constraints, select useful improvement work and evaluate changes against agreed measures.

WHEN THIS SERVICE FITS

Recurring interruptions, rework and unclear handoffs can leave improvement effort disconnected from operating results.

CONSULTING SCOPE

- Production improvement and bottleneck analysis
- Continuous improvement and root cause analysis
- BPMN 2.0 mapping and SIGMA-IPA assessment

POTENTIAL DELIVERABLES

- Evidence and improvement priority brief
- Process maps, responsibilities and SOPs
- Constraint and loss analysis within scope
- Implementation actions and KPI review plan

OUR APPROACH

Diagnose the question. Map the process. Analyse the constraint. Agree improvement actions. Review results.

Deliverables, availability, timing and fees are agreed before work begins. Benefits depend on the scope and implementation.
