CONSULTING SERVICES / BRITISH COLUMBIA

AI Transformation & Intelligent Automation

Assess the business need, select the right level of automation and coordinate a controlled pilot before wider implementation.

WHEN THIS SERVICE FITS

Repetitive work and scattered information create opportunities, but data, access and reliability must be assessed first.

CONSULTING SCOPE

- Agentic AI and business process automation
- AI integration and implementation coordination
- Human oversight and performance governance

POTENTIAL DELIVERABLES

- AI opportunity and readiness assessment
- Workflow, integration and approval requirements
- Bounded pilot and acceptance criteria
- Governance and performance monitoring plan

OUR APPROACH

Discover. Assess. Design. Pilot. Implement. Optimize.

Specialist technical support may be engaged for the agreed scope. Delivery roles and feasibility are confirmed before implementation.

Deliverables, availability, timing and fees are agreed before work begins. Benefits depend on the scope and implementation.
